## CAREER SERVICES

### INTERNSHIP PROGRAM

[www.career.gatech.edu](http://www.career.gatech.edu)

**Hiring student interns is one of the most successful recruiting strategies!**

#### Why recruit Georgia Tech student interns?

- Take advantage of identifying the best and brightest students early on and bringing them into your organization.
- Engage students who are prepared to handle meaningful and challenging positions.
- Access top talent in an organized and systematic way via:
  - On-campus recruiting
  - Job Posting
  - Internship Fair (the 2<sup>nd</sup> week of January each year)
  - Career Fairs

#### Program Design

- Ample opportunity to demonstrate their ability to perform at the highest level.
- Active supervision and mentoring relationships.
- Inclusion in meaningful events and meetings.

#### Advertising at Georgia Tech

- Access [www.career.gatech.edu](http://www.career.gatech.edu) to post your internship, arrange on-campus interviews, as well as participate in the Annual Internship Fair, held the 2<sup>nd</sup> week of January each year.
- We will help you get the word out to our students.

#### Timing

- Recruiting starts in September and continues through spring semester. We recommend that you start early since some students will accept offers as early as fall semester.

#### Housing & Transportation

- Interns may need help from time to time getting settled in an area that may be unfamiliar to them, particularly on their first work assignment.
- Some employers make corporate apartments available at a reduced rate, while others make arrangement with a local apartment complex or university housing office for short-term leases. In either case, pairing interns together will help to ensure a smooth transition in a new community.
